Buy Art with the Strand Center for the Arts

The Strand Center for the Arts is proud to be a resource to businesses and personal buyers as a broker to manage their artistic purchases. A broker is an agent who buys or sells for a principal on a commission basis without having title to the property. The Strand Center for the Arts is available in this manner to manage the collection of specific artwork and its sale for area businesses and personal buyers. **Ready to purchase? Please reach out to us at the contact information below:**

Art For Your Walls

Quarterly Catalogue

Each quarter we release a catalogue of artwork for sale by artists in our community.

Artists Supporting Artists

Our commission structure for sales is: 70% to the artist and 30% to The Strand Center for the Arts. The commission we receive from artwork sales helps us present not only our core programs, but also helps us develop new community arts programming.

Artists participating in this program include our artist members, teaching artists, and even a few of our talented staff! **Thank you for helping us support our local artists** while also supporting The Strand Center for the Arts.
